Meeting was called to order at 7:37pm via Zoom.

Lisa informed the Board of an email she received from Logan from Clarkson University regarding an additional fee that will be starting immediately when the set up of chairs, tables, microphone and additional locker rooms are needed. The cost would be an additional charge of an hour of ice of \$150.00, which would be less then the cost if he charged for the setup. Lisa is going to follow up with Scott Smalling regarding the reasoning for the additional fee.

The following is the rink rates for the Winter Season:

Cheel- \$150 an hour  
Pine Street- \$95 an hour  
Maxcy- \$120 an hour

**Updated Test Session Rates:**

The Board agreed that the fees need to increase due to the increase in ice costs, travel/food charges for the judges. The Club can not continue to lose money on the test sessions.

After Board discussion and brainstorming all Board Members agreed on the following for the updated Test Session Rates to go into effect for the Fall Test Session.

Increase all test fees by \$2.00  
Potsdam Figure Skating Member- \$5.00 registration fee  
Non Member- \$20.00 registration fee

Lisa will be updating the form to send to the Board Members for review. After review the form will be sent to Jill Masuk, Test Chair.

Lisa will be sending an email out to the North Country Coaches and Club Presidents letting them know the reason for the increase.

Cassie stated that she has heard coaches have been complaining to their skaters about the cost the Club is charging for the seasons. She has suggested that the coaches attend the Board Meetings to voice their concerns. Cassie will share the Summer School breakdown at the next meeting..

Cara asked if the Zoom Links have been sent to the Coaches and the members? The Zoom links have not been shared. Cara suggested that the links be shared for all of the Board Meetings for transparency.

Meetings will be going back to person in the Winter. The meeting information will be placed on the website and the bulletin board.

Meeting ended at 8:43pm.
